THE RED CROSS

Plans Prepared for Annual Membership Drive

Arrangements have been made to hold the Annual Red Cross Drive for membership in this province from November 5 to 11. Thousands of workers will start out on the first morning of the campaign in the various districts of the province and the objective will be as nearly 100 per cent of the residents of Alberta as can be enrolled. The Red Cross has been doing a wonderful work since the war which is plainly evident on every hand. This work must be carried on, as there is still plenty to do. Funds are the one essential in a work of this kind, and the object of the campaign is to raise enough money to tide the Red Cross of Alberta over for another year. At the present time there are 115 locals of the association in Alberta, and in addition there are 88 active Red Cross committees. It is these locals and committees that will carry on the campaign for members, assisted in every possible way by the Alberta Headquarters in Calgary. But these branches cannot cover every district in the province, and so arrangements are being made to organize another 200 working committees for the campaign. It is hoped to enroll fifty thousand senior members this year and forty thousand junior members. The membership fee is \$1.00 for seniors and 25 cents for juniors. The campaign this year is to be a financial one as well as a membership drive as a large sum of money is required and so every person will be asked to give until it hurts.

CHRISTMAS

Special Arrangements for Visit to Old Country

A visit to the Old Country is something that a great number of people are giving thought to at this season of the year, and many have already made plans to reach their friends in time for the Christmas and New Year season. Canadian Pacific steamships are deservedly popular for this trip and to give extra special accommodation for those who are going overseas this season, the Canadian Pacific Railway has arranged for a special train to connect with the S. S. "Montcalm" sailing from St. John, Tuesday, December 12th. Through tourist sleepers will be operated from Edmonton at 10:00 p.m. Thursday, Dec. 7th and from Calgary at 1:35 a.m. Friday, December 8th, making connection with this special train leaving Winnipeg 9:20 a.m. December 9th. Special tourist sleepers from Calgary, Edmonton, via regular trains will also be operated in connection with the sailings from St. John of the S.S. "Montcalm" on December 1st; S.S. "Victorian" December 7th; S.S. "Metagama" December 15th. All these tourist sleepers run right to the ship's side—no changes, no inconvenience. They are the gang plank to the steamer.

The Advocate is printing bills for the Band Halloween party and dance.

WAGE BOARD

Places and Dates of Meetings of the Board

The itinerary of the Minimum Wage Board has been finally adopted, and the sessions are commencing at Medicine Hat on October 24th. Industries of the province have been classified into sections representing manufacturing, office employment, hotel and restaurant and personal service, laundries, dyeing and cleaning and retail trade. The complete itinerary of the sittings of the board is as follows: Medicine Hat, October 24th; Lethbridge, October 25th; Blairmore, Oct. 26; Drumheller, October 27; Calgary, October 30 and 31; Wetaskiwin, Nov. 1st; Edmonton, November 2 and 3.

POPPY DAY

Will Be Observed in Canada on Saturday, November 11th

"Poppy" Day will be held in Canada as well as in all the Allied countries on Armistice Day, November 11. The campaign in Alberta will be conducted by the Provincial Command of the Alberta Great War Veterans' Association, and the actual selling will be in the hands of the various locals throughout the province.

In this connection it is stated that there are a number of districts in Alberta where the veterans are not organized, and in such instances, as is the case in Vulcan, other organizations will conduct the campaign. The poppies will be sold during the week preceding Armistice Day. The entire proceeds from the fund raised will be used to relieve distress among disabled returned men and their dependents in the province. Every citizen is urged to wear a poppy in honor of the men who fought so bravely during the Great War and in memory of those who lie amid the crosses.

POLICE COURT

Farmers Fined Under Prairie Fires Ordinance

A case that has created some interest was heard at the Police Court this week. Two well known farmers were charged on the information of Constable Craig that they did unlawfully kindle a fire without first having the proper appliances and assistance required by Section 4, The Prairie Fires Ordinance. Both pleaded guilty to the charge and consideration was given to the fact that of late years infraction of this Ordinance has not been prosecuted in this district, and a minimum fine and costs were imposed.

Born, on October 19, 1922, to Mr. and Mrs. R. B. Jones, of Gleichen, a son.

CARD OF THANKS

Mrs. C. H. Kelley and children and other members of the family tender their sincere thanks to neighbors and friends for sympathy expressed and assistance rendered during the period of bereavement caused by the death of Mr. Charles Kelley.

DR. W. H. HATTEL

Optical Expert, of Calgary
11 Years in Alberta

Vulcan, Saturday, October 21

At P. B. Discher's Jewellery Store, successor to H. C. Jacques, from 9 a.m. to 6 p.m. for the purpose of examining eyes and furnishing good glasses if you need them, and good advice if you don't.

Calgary office, 805 First St., W. corner of Eighth Avenue. Phone M 1454.

TWO LECTURES

Director "Greenwich Village Theatre" to Visit Vulcan

Vulcan is the smallest town in all Canada to possess a Theosophical Society, and this fact gives to our citizens a very special privilege, that of hearing lectures by Mr. Roy Mitchell, who comes here under the auspices of the local lodge on Monday and Tuesday, October 23 and 24. Mr. Mitchell is described as a fluent and artistic speaker. He acted as editor of the Central Press Agency in Toronto for eight years, during which time he was greatly interested in theatrical matters, especially in Shakespearean productions. While in New York he became associated with the dramatic movement carried on by the "Little Theatres," and was technical director of the famous "Greenwich Village Theatre." When Hart House, at the University of Toronto, was opened, Mr. Mitchell was invited to become director of that theatre, which he accepted.

THE NEW RINK

Everything Going Fine With This New Enterprise

Away with superstition. It was Friday, and the 13th at that, when the first effort was made to get the money to build a rink, and it was only a matter of a few hours when more than sixty-five hundred dollars was secured for the project—and that's going some. It was first proposed to form a joint stock company to promote the scheme, and there were many prepared to put their money in to it, but later the idea of making it a municipal affair was adopted, the cost to be paid by the issue of debentures of the town. To do this the permission of the Provincial Utilities Commission was necessary, and to have a claim on the board for their consent it was considered best to get the money first, which practically means that the bonds of the town have been sold in advance and the investors are our own citizens, and be it said that with few exceptions everybody has come through. Nothing that we have had has been more popular, and the contributors include both sexes and every class and kind of our citizens, a result of our community spirit which has been cultivated in other lines and different ways. Mayor Butchart, D. H. Galbraith, M.L.A., O. L. McPherson, M.L.A., and Mr. James Leverington presented the proposition on Tuesday to the Utilities Board, and it was a glad message from Mayor Butchart to The Advocate that announced the approval of the scheme by the board. We do not desire to make any of our neighbors jealous, but everybody here is certainly delighted. And now to the work.

CITIZEN MARRIED

International Matrimonial Event of Local Interest

Mr. Ivor Williams, of Vulcan, and Miss Iva June Wilson were the principals in a marriage contracted in the Methodist Episcopal Church, at Walla Walla, Wash., on October 12, 1922. The groom is well and favorably known in Vulcan, where he has been engaged in the dairy business for more than a year, and the bride is the daughter of Mr. and Mrs. T. F. Wilson, prominent citizens of Walla Walla, Wash. They left the U.S.A. with every evidence of esteem and good wishes and this little section of Canada will give to them such a welcome as comes to good citizens. Mr. and Mrs. Williams have the congratulations and best wishes of the people of Vulcan.

LOCAL ITEMS

Do not forget the Shimp and Rebbe combination sale on Saturday, October 28th, commencing sharp at one o'clock. Bring in your listings.

Ladies who desire and intend to curl this season are requested to so inform Mrs. Ober, secretary of the club, on or before the first of November.

P. B. Discher, the jeweller, brought with him from afar a couple of peculiar articles, and these he has on display in his store window. A prize will be given to the boy or girl who first correctly names the article and the material of which same is made. See Mr. Discher's advt. for particulars.

Born, at the Vulcan maternity hospital, on October 12th, 1922, to Mr. and Mrs. E. D. Matlock, of Champion, a daughter.

CURLERS MEET

T. B. LeBow is Elected President of Vulcan Club

President Jack Wolfe presided at the annual meeting of the Vulcan Curling Club, held on Thursday night last week, and there was a good attendance. The minutes of last annual meeting were read and approved, and a financial statement showing a cash balance was adopted. T. B. LeBow was elected president, G. C. Collier vice-president, F. Galliker secretary-treasurer, and with them, E. J. Chartiers, R. L. Evans, F. J. Stewart, Jack Thompson and J. Wolfe, will constitute the executive. The membership fee for the year was fixed at \$10.00, two dollars less than last year. It was decided that the lady curlers should bear one-third of the total of the expenditure, the same not to exceed \$260.00, and that a fee of \$5.00 per member be required of the lady curlers. The Royal Caledonian Curling Club requested a decision as to the raising of the affiliation fee from 25 cents to \$1.00, and the vote was in the negative, but they recommended that the fee be 50 cents and that all members of all clubs be registered. Banff curling club presented the question of having the bonspiel this year at Banff instead of Calgary, but the change was not favored. A deputation from the committee promoting the erection of a new rink presented their proposals and asked what cooperation they might expect from the curling club in connection with the enterprise. The meeting decided, in the event of the scheme materializing, to donate the lumber and equipment of the present curling rink for use in the new building and to pay \$700 per season for two sheets of curling ice and the other rink requirements necessary to curling. Interest was certainly not diminished by the prospect of a new rink, and the developments since practically assure everybody of a great time this winter. If present calculations carry we will be able to put on a real bonspiel this season.

LOCAL ITEMS

Messrs. Rebbe and Shimp, auction sale directors, are busy men these days. They are handling several sales and having splendid success.

There is a move on to organize a dramatic club. If our local artists will produce a show anything like as good as presented last year, by all means let us have the club.

The Vulcan Electric Service are just now unloading a shipment of stove wood. The stocking of this line of fuel is a fine convenience to the public.

This week the district conference of Women's Institutes is being held in Vulcan, and on Friday we are to have the convention of teachers. We are pleased to have them with us.

Mayor Butchart has received the written consent of Fire Chief Smart, of Calgary, to judge the essays on the methods of fire prevention which are being prepared for competition by the pupils of the Public Schools.

The Advocate has just printed bills for the "Armistice" dance, to be held on Friday, November 10th. It is to be under the auspices of the Rebekahs, and everybody well knows what a fine time and good eats they give you.

We are glad to report that Miss Nellie Middleton, who has for some time been a patient at the Holy Cross Hospital, Calgary, is now improving splendidly, and was able to return to her home here on Tuesday.

It was an oversight that The Advocate man did not before give credit to little Miss Young, of Ensign, for a gift of cake. It was cake that won first prize at the School Fair, and prize cake always makes a hit with the country editor.

U. M. Diefenbaker writes from Ontario—"Find enclosed M.O. to apply on my subscription to your much welcomed little weekly Comes regularly. Can't think of letting it run out." This is the kind of letters we delight to get.

The Advocate appreciates the call of E. J. Garland at this office. Mr. Garland is the representative of this constituency in the House of Commons, and the experience and impressions of his first session in parliament was the topic of a mighty interesting few minutes chat. Mr. Garland is meeting his constituents at gatherings here and there throughout the riding and giving an account of himself as an M.P. He is a man gifted of speech and delights in his parliamentary work, and his meetings can not but be interesting.

ONLY A YARN

A certain callow Chicago swain has an amazingly large mouth which he contorted into an all-pervading smile when he wished to make a good impression. His sweetie had persuaded him to "ask father," and the youth was determined to show himself to good advantage.

"Mister Jones," he began, stretching his principal feature to the utmost geniality. "I have come to ask for the hand of your daughter."

"Just a moment, young man," interrupted the old gentleman mildly, "would you mind closing your mouth for a moment till I see who you are?"

LOCAL ITEMS

Mr. H. W. Reeves and Mr. W. H. Grant, made a business trip to Armstrong, B.C., last week.

Mr. and Mrs. Dyce Allan and daughter spent the week-end visiting with friends at High River.

Mr. James H. McConkey, of Langdon, was a business visitor in town on Wednesday.

Mr. J. J. Kidder, of Iowa, is at present attending to his farming interests in this district.

Mr. Fred Anderson and family motored to High River on Sunday, and spent the day with friends.

Mr. and Mrs. Lincoln Shantz left on Wednesday for Oregon, where they will spend the winter months.

Mrs. Bancroft and Miss Bancroft left Tuesday for Vancouver, B.C., where they will reside in future.

Mrs. Malloy of Nanton, who has been visiting here with daughter, Mrs. D. E. Geddes, returned to her home on Sunday.

Messrs. T. B. LeBow, J. Collier, Hunter Heath and Dr. Wark, motored west of Nanton on Monday, on a shooting expedition.

The advertisement on the last page announcing a dance at Ensign will be of interest to the people who have pleasure in the dance.

The decoration of the interior of the post office make a splendid improvement in the appearance of the place to which we all go so often.

Divine service in the Union church next Sunday morning and evening. Communion service at 11 a.m. Evening service at 7:30, subject, "The man who is too busy." Everybody welcome.

"Enlighten Thy Daughter" is the title of a feature picture that is looked for an early showing at the Vulcan Opera House. The title at once makes it interesting, and the picture good and is going good.

Yee Yow Tong, a distinguished looking Chinaman, was a visitor in Vulcan on Tuesday. He is a missionary of the Presbyterian faith. From him we learned that the Chinese population of Calgary is now more than a thousand.

The Girls' Club tea and sale of candy and cooking, at McIntosh's on Saturday, was in all ways a success. They sold out everything and made some money. These girls are hustlers and make a success of everything they tackle.

The new road west along the elevator line is being well and properly fenced and the improvements contemplated will make it a real road, something that it has not been up to the present. Good roads are a great thing.

The Citizens Band are arranging for a dance to be held on Halloween. It will have features peculiar to the occasion and a jolly time can be anticipated. Here's an opportunity to help an institution that often helps us. It's good business to boost the band. It is one of our best community assets.

Mr. Gordon Brewerton, former manager of Vulcan opera house, is now "on the road" with a feature picture, "Enlighten Thy Daughter," and was in town arranging for a showing here sometime in the near future, and a definite date will be given in our next issue.

The equipment for the new Vulcan Cadet Corps is arriving bit by bit, but in the meantime the boys are busy with their right and left turns and other moves and are becoming right smart in their drill. Twenty-four or more lads such as have been enrolled are the makings of a splendid corps.

Thanksgiving Day is Monday, November 5th, and Armistice Day is Friday, November 11th. In connection with the latter let us say that the members of the local branch of the Women's Institute have undertaken the sale of poppies that are to be worn that day. All this is in memory of the men who fell for us on Flanders field and in support of them who cannot support themselves. Wear a poppy.

There may be people from Ontario here, or others, who might be disposed to send clothing or other articles of relief to the sufferer in Northern Ontario. Anything of the kind will be transported free of charge by the Dominion Express Company if packed for shipment and left with the local agent, Mr. O. A. Craig. Here is an opportunity to do something for people who are really in need, and to make use of the splendid generosity of the railway and transportation companies.

Miss Mae Bennett, one of our most popular young ladies, who will at a near date become the bride of one of our former popular young citizens, was the guest of members of the bank staffs and other friends at a farewell party at the home of Mr. and Mrs. Stewart on Thursday night. Miss Bennett was presented with a beautiful silver casserole, and a rolling pin was also given with advice as to the varied uses of such an article. Whist was played and Mr. and Mrs. Geddes won the prizes, and altogether it was a jolly good time.

THE VULCAN ADVOCATE

VULCAN, ALBERTA

UNWORTHY PUBLICATIONS

A late and practical incident with us, relative to the "no results" from advertising, by a very reputable concern in the Province, seeking general provincial business, reveals the fact that this particular concern undertook a campaign of advertising with a syndicate of papers published throughout the province from which they had no results. We are pleased to take up the issue for all reputable publications and for the sake of the evil which such unrecognized so-called newspapers create on the unsuspecting and honest advertisers, be they large or small. We, being cognizant of the syndicate referred to, some of whose publications are circulating in this and neighboring districts, are not surprised that the advertiser, above referred to, should have had no results from his advertisements in their columns. Of practical importance and necessity a newspaper must first have something to offer in the way of a bona-fide paid circulation, to insure its advertisers results from any business given them, and the price paid for such advertising is based on this circulation. Had the advertiser, above referred to, investigated the mediums which he favored with his business, he would have found, and then blame the newspapers generally for being inefficient.

Uncle Sam's bootlegging business. Governments sometimes do strange things. For instance, the greatest bootlegger of the United States is the United States government. Congress solemnly adds an eighteenth amendment to the Constitution which makes the country "dry", and then proceeds to smash that precious amendment into bits by allowing Uncle Sam's own ships to carry and sell all the liquor they wish. On shore a citizen gets into the "clink" for doing a thing which on ship board he can do with impunity. On the vessels owned by the United States government, and operated by the United States Shipping Board, are to be found a mouth watering list of alcoholic beverages that can be purchased by the glass or bottle at very moderate rates. In the Paris edition of the New York "Herald" this feature of the service rendered to humanity by the United States passenger ships has been prominently advertised.

What is the Anti-Saloon League of the United States doing about it? Surely they are not pussyfooting at this end of their campaign. Has Wayne Wheeler, general counsel of the Anti-Saloon League of America (where do they get that America?) brought the matter to the official attention of his Government?

HOW ABOUT YOUR JOB?

A widely-known manufacturer started the country before the world war by announcing that he would pay his laborers five dollars a day for screwing on a bolt or stamping a sheet of metal says our exchange. The employee was to work eight hours a day doing the same thing day after day. The factory's product was rushed by him at regular intervals and he was allowed just sufficient time to do his bit. It is a grind from the time he enters the factory until he leaves. He has no time to look up, no time to think of anything except the bolt he is putting on or the sheet of metal he is stamping. He has a job where they pay him for being a part of a gigantic machine that is speeded up to the limit of production. He has no opportunity to leave his talents. The five dollars a day bars him from individual progress. He has no chance to climb and the five dollars is the smallest item in his life.

PUT IT UP TO H.

The Winnipeg Free Press in Tuesday paper said H. W. Wood plans trouble for the three prairie provinces by agitating for a three-province wheat board. They should reciprocate by notifying H. W. Wood that if there is to be such a wheat board he will be expected to take the responsibility of running it.

NEWSPAPER COMMENT

Blairmore Enterprise: In British Columbia the finest gentleman in the land may enter a vendor's store and purchase his choice of alcoholic beverage. He may carry same openly in his hand or concealed in his hip pocket, and still be looked upon by the less radical or extreme as a gentleman. In Alberta he only has to have with him a half a naggin of anything containing alcohol to be branded and looked upon as a criminal. As a result, for every criminal in British Columbia, Alberta has fifty; for every drunk picked up in British Columbia, fifty can be apprehended in this province. This moral reform seems to be working at both ends and the leak runs into the coffers, directly or indirectly, of agitators, moral reformers or those connected with the enforcement of the Alberta Liquor Act.

Calgary Albertan: The people of United States are beginning to realize the full meaning of the new tariff, which was put in force a few weeks ago. Sugar has advanced 25 points and it is said that this is but the beginning, and other advances are on the way. The American Woolen Company announces advances on its lines of men's staple and fancy worsted fabrics of other kinds. A general advance in other fabrics is expected. There has been a general increase in the prices of drugs and chemicals, imported and domestic, from 25 to 50 percent. The newspapers are commenting on the fact that the raid on the pockets of the consumers is under way.

Blairmore Enterprise: Recently an American auto tourist party was kindly entertained at Cranbrook and Fernie. At Fernie they were obliged to procure from a government vendor's store a few ounces of liquor for medicinal purposes, owing to the indisposition of a lady of the party. The party were differently entertained in Blairmore. Their car was stopped and searched, the remaining portion of the liquor was taken from them and they were obliged to pay a \$25 fine for having the liquor in their possession, in spite of their statement that it was kept for medicinal purposes only. If such a reception is to be accorded tourists to Canada it is not long before the much desired tourist traffic will be at an end—thanks to an ill-devised piece of legislation.

REGARDING MUSIC

If you were a student looking for a teacher would you really seek out one of your own ability and accomplishment or would you go to some one of your competitors? Be honest with yourself. Place yourself in the student's position and give yourself a thorough overhauling. An official of a large mercantile company suggested this editorial through his little article entitled, "Would You Give Yourself a Job?" It is so good that we reproduce it here.

"If you applied to yourself for a job—would you get it? Think it over. Just be 'boss' for a few minutes—then check up your record for the past month as an employee. Remember now, it's your money meeting the payroll. Have you, as an employee, filled your hours with productive, conscientious labor, or have you been too busy watching the clock? Have you produced enough in that month to make you a profitable investment?"

"Have you put your shoulder to the wheel—forgotten petty difference and difficulties or have you put sand in the bearings? Have you asked questions and improved—or have you been too wise to learn? Have you analyzed what you are doing, and why, or used instinct instead of reason, and gotten an indifferent and methodless result? Have you allowed your mind to become poisoned with anger, worry, or envy, and by so doing contaminated and reduced the efficiency of others? Or have you been heart and soul in the work—on the job every minute with a breath of vision that made of the desert of work an oasis of opportunity?"

Apply this to your own case. Would you be willing to pay \$2.00 a lesson for what you give at your average lesson? Would you engage a teacher who did not put his very utmost into every lesson period? Would you engage a teacher who "flares up" or who is "cross" or a little indifferent? Complete the examination yourself. It should be a very profitable one.—The Etude.

Good clean seed means a great deal to the farming industry in this province. The work of the Seed Branch of the Department of Agriculture to establish a seed cleaning plant at Edmonton should meet with general endorsement. The use of first-class, clean seed must have a beneficial effect upon the grain-growing industry, similar to the influence shown upon the live stock business by the use of well-bred pedigreed sires.

LIFE

Life is just a big ocean
With high billows and thick spray
And our ships with sails uplifted,
Sailing on from day to day.
It is true, we'll meet with breakers,
Then will come the supreme test,
But our ship will ride o'er safely,
If the lumber is the best.
We must sail in sun and shadow,
And in storms of wind and rain,
But the rudder truly governed,
Quietly will reach the main.
If just before our dreamland ship,
Her flag to the breeze is tossed
Secure a pilot who is true
Who figures all the cost
Then will our ship true to its course
Sail o'er the breaking foam,
Shun all the dreadful rock bound coasts,
And then at last sail home.

—Written by Louise St. Clair

A FARMING ESTIMATE

Below we give an estimate of the operating cost and possible income from a half section, with 220 acres suitable for cultivation. Our farmer readers can judge the accuracy of these estimates for themselves; but some experienced farmers say several of the items of cost are below the average, while the estimated yield of 30 bushels per acre is high. These are the estimates.

Cost	
Taxes	\$250.00
Wages	600.00
Stooking	60.00
Binder Twine	68.00
Seed Grain	200.00
Blacksmith and repair bill	100.00
Insurance and upkeep of buildings and fences	200.00
Threshing 3600 bushels wheat at 12c	432.00
Threshing 1200 bushels oats at 8c	96.00
Incidentals	100.00

Total excluding hall insurance \$2106.00

Income	
120 acres of wheat at \$0 bus., 3600 bus. @ 70c	\$2550.00
30 acres oats at 40 bus., 1200 bus. (700 bus. retained for feed) and 500 bus. for sale @ 25c	125.00

Total Income	\$2645.00
Less Cost	\$2106.00
Balance	\$539.00

From this balance is to be taken interest, and depreciation of machinery, harness and horses. The remaining 70 acres of the 220 tillable land is reserved for summer-fallow.

—Nanton News

HUSBANDS AT BARGAIN PRICES

In a poll recently taken of the girl students in Delaware University on the questions: "What should a husband earn to begin married life?", the elder girls answered \$2,500; the second-year students said \$3,000; and the freshmen asked \$5,000. It would seem that the nearer the age limit of possible marriage is reached the price at which matrimony would be accepted diminishes, or the older a girl gets the more will she be willing to take a husband at a bargain price.

Pay Your Subscription to the Vulcan Advocate Now!

YOU GET THE AMOUNT OF THAT CHEQUE

We have made arrangements with the E. H. Heath Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experiences on the operation of all kinds of farm machinery from a wash-machine to a tractor. Its editorial staff consists of men thoroughly familiar with every branch of farming both from the practical and theoretical standpoint. Every month the magazine publishes experiences sent in by readers. Many of these are short cut findings that are real money savers to farmers.

This offer may be withdrawn at any time. Without doubt your intention is to renew for this weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to the CANADIAN POWER FARMER for the same price as this weekly alone. This is where you get the \$1.50.

Mail your cheque or drop into our office the first time you are in town.

KIRKCALDY NEWS

The Kirkcaldy W.I. met on Oct. 15 at the home of Mrs. Joe Hagerman. Mrs. Clements gave a most interesting paper on "Alberta Laws pertaining to Women." Mrs. Hagerman was appointed as delegate to the convention to be held at Vulcan on the 18th. After the meeting Mrs. Hagerman, assisted by Mrs. Clements, served a delicious lunch.

The Junior U.F.A. Club of Kirkcaldy will give a Halloween party at Kirkcaldy, on Friday evening, October 27th. A cordial invitation is extended to all to come. Don't forget the date. Come and help the juniors have a good time. A good program is being arranged.

This community is very proud of the showing made by Long Coulee at the recent school fair at Vulcan. Under the supervision of the efficient teacher, Mrs. Todd, the pupils did some splendid work. They won the shield for 1922-23. Also the flag for best appearance in parade as well as the prize for best physical drill.

REID HILL NEWS

Mrs. C. Rinchart of Vernon, B.C. is visiting friends in this neighborhood. Marshall School reopened recently with Miss B. Stephen of Calgary again in charge.

W. R. Gardener of Mt. Hood, Ore. is here looking after his interests in this vicinity.

Messrs. Roy and Guy Locke of Loyalist have been guests of Mr. and Mrs. C. Locke recently.

Miss Edith McKay left on the 9th for Toronto, where she will spend the winter.

The pupils of Reid Hill school took part for the first time, in the Vulcan School Fair on September 28th. They did credible work.

BRANT NEWS

Mrs. "Dad" Fletcher went to Calgary Thursday evening.

Mrs. Palmer of Champion was visiting Mrs. Frank Johnson Saturday last.

Mrs. D. Burwash called at the home of Mrs. C. E. Beckett Thursday evening.

Mrs. E. J. Donnelly spent last weekend with friends and relatives in Calgary.

Misses Mary McFadden and Louise St. Clair called on Mrs. Beckett Friday afternoon.

Miss Mary McFadden from near Ensign took dinner at the St. Clair home Friday last.

A number of young people from Brant and vicinity attended the dance at Cayley on Friday, October 13.

Mr. and Mrs. W. E. Shultz have as their guest Mr. Shultz's sister, Mrs. Clara Thompson of Spring Coulee.

Mr. T. J. Parker and L. J. St. Clair expect to start for the hills sometime this week to bring home their stock.

Mr. John Braunworth has rented the Dan Fraser farm for the coming year and has moved his family there.

Mr. Herald Parker and Dick Williams left for the foothills Friday of last week to round up their cattle and horses.

Mr. and Mrs. John Eversman accompanied by Mr. and Mrs. Joe Heckle motored to Chancellors Sunday to visit the former's daughter, Mrs. Jack Edwards.

The Ladies Institute held their monthly meeting at the home of Mrs. Warren Shultz on Thursday, October 12th. The ladies decided on having a bazaar sometime in December.

Dad Fletcher and son Frank have completed their threshing and have pulled their two threshing outfits in the shed for the winter. They have dismissed their two crews, some sixty men.

Miss Christina Parker somewhat surprised her many friends by going to Vulcan one day about two weeks ago and changed her name from Miss Christine Parker to Mrs. Christine Shridler. The happy couple spent a few days in Calgary. Mr. Shridler is a stranger to most of us, he having come as a relief station agent at Ensign a short time ago. It is understood Mr. Shridler has a station at Bow Island where Mr. and Mrs. expect to make their home. The writer joins with their many friends in wishing them a happy wedded life.

WOULD ELIMINATE HAZING

The Edmonton Women's Institute Branch tenders the following advice to University of Alberta students on the question of initiations and hazing: "Be it resolved, that the men students of the University of Alberta should eliminate all vulgarity from their hazing proceedings; and that for the rough, undignified, heathenish introduction to University life known as initiations, the women students should substitute the practice that used to be followed by the older universities in the East, and a series of friendly receptions be given to the freshmen by the seniors, as well as kindly and helpful advice as the occasion arises; and be it further resolved that a copy of this resolution be sent to the president of Alberta University, to the men students, the women students, and the university club, with the earnest request that careful consideration be given to it; as we know that it expresses the strong feeling on this subject of a large majority of the parents and tax-payers of the province."

Her Girl Chum—"Did the minister make Ferdinand use the words 'With all my worldly goods I thee endow'?" Mrs. Justwed—"No. Why put him on his guard? I'll get 'em anyway."

CROP REPORT

About ninety percent of the threshing in the province is completed, and the threshers' returns have commenced to come in to the department. Taking these first returns as a whole, they are disappointing, and indicate that the moderate crop estimate made a few weeks ago by Dominion and Provincial offices was somewhat high. From the figures before us, the estimate of 13 bushels of wheat per acre has only been reached by the averages of the south-western section of the province. So far other sections reporting are below this figure. The estimate of the oat yields is also shown to be too high, and the threshing returns would indicate that an average yield of 16 bushels would be about the figure. The whole oat crop of Alberta will be much under that of the past few years. On account of drought conditions in some parts of the province in the forepart of the summer, and with prospects of a short food crop, much of the oats were cut for green feed. The first damaging frost came to the province about the 10th of the month. This has given Alberta a particularly long crop season, with the result that in the south portion of the province, certain areas of oats sown late for green feed have matured and will be threshed. Taking advantage of continued good weather considerable fall plowing is being done. The root and vegetable crop, not so heavy as in recent years, is being harvested in good condition. One thing indicated by the threshers' returns from all sections, is that in a season of such peculiar climatic conditions as we have had in 1922, that summer-fallowing and good farming has brought the best results.

WILD BIRD SANCTUARIES

True sportsmen will highly commend the police and game officers operating in this province on the decision to enforce the regulations for the protection of the reserves set aside as wild bird sanctuaries. These protected stopping places for the migratory birds, on their journey from the north to the south in the fall, and from the south to the north in the spring, will do much to preserve bird life, and further the interest of clean sport. Any visitor to the national parks at Banff or Jasper knows what the protection of wild game of all kinds in the parks, has meant. The visitor can get in close touch with many of nature's creatures, and observe them following the life nature intended them to lead. Bears, deer, mountain sheep, mountain goats, porcupines, and the smaller animals. When the antlered deer come into your back yard and eat salt out of your hand, there is no semblance of "The Lives of the Hunted".

THRESHING RETURNS

The threshing returns, on which the Department of Agriculture bases its estimates of the crop yields, are coming in very slowly to the Department. Threshermen who have finished their work should immediately make returns showing acreage threshed and the yields.

"I think I can get you a divorce, madam, for cruel and inhuman treatment. But do you think your husband will fight the suit?" Woman—"Fight! Why, man, the little shrimp can't even come into a room where I am!"

Three Things You Want

The three things that count in a battery, the Exide gives in maximum measure. These are:

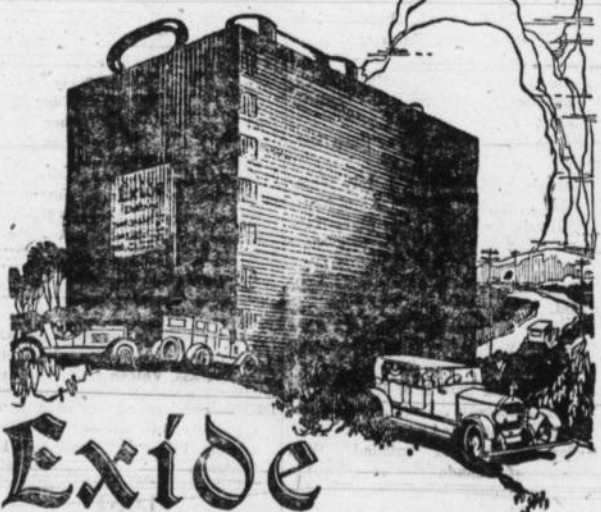

- 1—Plenty of Power—and then some
- 2—Long Life
- 3—Freedom from Repairs

A real battery means so much to you that you should ask, in buying a new car, if it is Exide equipped.

If you have any trouble in finding an Exide when you need to replace your present battery, just write us or our nearest district distributor.

If you don't feel warranted in buying a new Exide Battery at this time, ask our nearest Service Station—before you consider getting a substitute make of battery—whether your present battery cannot be rebuilt with genuine Exide parts.

ITEMS OF INTEREST

Luther Burbank, the plant wizard, was arrested by a California traffic cop. Luther was probably trying to cross a street with an auto.

The railroad labor board granted 2 cents a hour increase to 451,911 members of the railway shop union. The increase means an addition of \$22,125,000 to the wage bill of the nations railroads.

for the murder of Constable Lawson will no doubt be held at Calgary on October 30. "Pie" wanted to have the trial at Edmonton as he claimed prejudice was shown in the south against him.

Why the government allows moving pictures to be shown in this country of men like "Bill" Hart, who portrays the characters of bandit, is beyond my comprehension, said Magistrate Burton in country police court, Toronto, when he sentenced several young boys for stealing.

The Canadian Pacific Railway officials announced on Monday, October 9th that excursion fares will be named by that company from Manitoba, Saskatchewan and Alberta to Vancouver, Victoria and New Westminster on certain dates to be named later during December, January and February.

M. Cressman, a Staveland J.P., was fined \$25 by Magistrate Gresham for obstructing the police in the discharge of their duty. Cressman, it appears, advised a Chinaman that the warrant served on him was not made out according to legal specifications and that therefore he did not have to submit to arrest.

O. E. Hargrave's stable was burned about noon Tuesday, and with it, four good horses, a calf, several sets of harness, a lot of feed and tools used around a farm. The loss is not less than \$1,500, with no insurance. The horses and most of what was burned belonged to Walter Hembree, Mr. Hargrave's stepson. The horses were all good ones, and Mr. Hembree refused \$500 for two of them not long ago.

The lesson that big things are only built up by the massing of smaller ones, is a valuable one. To the Advertiser at this season of the year this thought has special significance. Fall time is subscription time, and while two dollars or so, is not a large item, this sum multiplied many times assumes an amount of great importance to us—an amount that stands between us and the successful running of our plant.

On Wednesday representatives of the companies operating gold dredging machines on the waters tributary to the Upper Peace River were in Edmonton with the first clean-up in the shape of two old bricks. The operators had to overcome many difficulties in getting dredging machinery into that country. The initial results have been encouraging and will lead to larger operations. It is hoped to keep the dredge working until November 15th.

The Toronto Daily Star reporting incidents of the fire at Halleybury tells of five patients who had to walk barefooted to a stable when fire threatened the hospital, where they were attended by a nurse "who fortunately brought a bottle of brandy with her." That action was a breach of an Act which the Star would not change. If one of Mr. Raney's minions should prosecute her a magistrate could hardly do anything else but fine her.

SCHOOL FAIR PRIZE WINNERS

List of the Successful Students in the Vulcan District Annual Fair

The count of points in the aggregate competition in connection with the Vulcan District School Fair has determined Long Coulee School the winner of the shield by quite a decided margin. Mrs. Todd, teacher, and the pupils are proud of their success, and have the congratulations of other competitors.

To create a healthy interest in the young in opposition to the unhealthy ones which, unfortunately, too much abound, there cannot be a greater factor than the influences which the school fairs lend themselves to. In preparing their exhibits there is at least a healthy occupation given the young mind. There is a real and live interest propagated, and a healthy stimulus to boy and girl to engage in a healthy rivalry which has its influence both on mind and body.

This sentiment expressed by a local daily is backed generally by public opinion, evidence of which is given by the interest manifested and the wonderful success of these fairs these years, and The Advocate gets its reward for the support of these events in the knowledge of having contributed something to something that is of benefit to the community and its people. Below we continue the list of the prize winners:

Cooking

Nine to 12 Years

Drop Cookies—1, Eva Wannop, Alston; 2, Ruth Young, Ensign; 3, H. Goldthorpe, Buffalo; 4, Mayme Lebow, Vulcan.

Sponge or Five-Minute Cake—1, Ruth Young, Ensign; 2, Mayme Lebow, Vulcan; 3, Harland Schenck, Vulcan; 4, Helen Sinnigton, Vulcan.
